**ESTOY CON PUERTO RICO IMPACT  
SUMMARY REPORT  
SEPTEMBER 2017 – SEPTEMBER 2019**

**SUMMARY**

Over two years ago, Puerto Rico was devastated by Hurricane María. It was a crippling blow to the island. From the very beginning, Comité Noviembre, (CN), worked quickly and diligently to provide assistance directly to nonprofit and business organizations in Puerto Rico at the grassroots level.

On September 28, 2017, *Estoy Con Puerto Rico*, (I am with Puerto Rico), a hurricane relief effort was launched by Comité Noviembre and its consortium of Puerto Rican leaders, organizations, business partners and Catholic Charities of the Archdiocese of New York which served as fiscal conduit for this effort.

The *Estoy Con Puerto Rico* effort raised over half a million dollars and has provided much needed aid and services directly to over 70 nonprofit organizations and small businesses throughout the island. These organizations deal with issues ranging from health and mental health, education, solar energy, water shed projects, food insecurity, HIV/AIDS, homelessness, suicide prevention and many basic human need services. Grants were also awarded to 44 small businesses and micro-enterprises to stimulate the economy.

**PROCESS**

Comité Noviembre selected organizations from proposals received from organizations and businesses from the island and determined the amount of donations. The contributions were made in 7 waves of funding over a 24-month period November 2017 to September 2019.

In the first few waves of funding the contributions were distributed by devastation of area, loss of home/property, health issues and for basic human necessities. As the need in Puerto Rico changed to rebuilding and long-term solutions the *Estoy Con Puerto Rico* effort focused on organizations that were creating long term solutions in solar energy, water purification systems and health and mental health issues surfacing from post Hurricane Maria trauma. Additionally, the effort focused on stimulating the economy by funding non-traditional jobs for women, agricultural micro-enterprises and cultural and artisanal collectives.

Each of the organizations and businesses funded by the *Estoy Con Puerto Rico* effort provided proof of nonprofit status or business registration certificate, as well as a full written report on what contributions were used for and the impact it had on the community.

**IMPACT BY THE NUMBERS**

- The *Estoy* effort has funded **114** initiatives that have impacted **50%** of the island.
- Aid and services were provided directly to over **70 nonprofit organizations** and **44 small businesses/micro-enterprises** throughout the island.
- **38 towns** out of the **78 towns** of Puerto Rico were reached: *Adjuntas, Aguada, Aguadilla, Aguas Buenas, Aibonito, Añasco, Arecibo, Barranquitas, Bayamón, Caguas, Cayey, Cidra, Comerío, Culebra, Dorado, Fajardo, Guánica, Guayama, Guaynabo, Humacao, Las Piedras, Loíza, Manatí, Mayaguez, Morovis, Naguabo, Orocovis, Ponce, San Juan, San Lorenzo, San Sebastian, Toa Alta, Trujillo Alto, Utuado, Vieques, Villaba, Yabucoa, and Yauco.*

**WAVE I NOVEMBER 21, 2017**

**1. BRIGADA RÁFAGA SOLIDARIA \$5,000.00**  
**(AYUDA PUERTO RICO/ACACIA NETWORK, INC – Fiscal Conduit)**

Brigada Ráfaga Solidaria was created by a collective of artist members of the organization Mescolanza with support from the Acacia Network who served as its fiscal conduit. After seeing first-hand the needs of the elderly community of Puerto Rico, Helen Ceballo, the founder of Mescolanza, wanted to create a brigada (brigade) of volunteers who would travel throughout the island bringing food, water and human interaction to a community that after the hurricane was totally forgotten – the elderly. Volunteers removed debris, repaired homes, cleaned and painted but most importantly brought human interaction to many individuals who became

totally isolated after the hurricane. The artist volunteers of Bridaga contributed their artistic talents and created workshops that provided joy and some relief to the mental stress and insecurity the elderly were experiencing. The workshops contributed to the wellbeing and quality of life of the participants and made their everyday living space comfortable and safe.

**In 2018, Brigada Ráfaga Solidaria visited over 87 senior centers in 72 municipalities around the island specifically in several difficult and mountainous areas where access was limited. Over 3,500 seniors were served. The \$7,600 Estoy contribution was used for transportation rental, gas, cleaning supplies, water and workshop materials.**
